How to Use Your HealthFirst HMO Provider Directory

Welcome to Saint Mary's HealthFirst. This provider directory has been designed as a quick reference guide to assist you in locating and accessing medical care through your Saint Mary's HealthFirst insurance.

HealthFirst is our locally owned and operated Health Maintenance Organization (HMO). When using an HMO, the Primary Care Physician (PCP) is responsible for providing, arranging and coordinating the medical needs for the member. During enrollment each HealthFirst member chooses a PCP (please see the following pages for specific information on selecting a PCP).

If you need assistance or have additional questions please contact HealthFirst member services at (775) 770-6060 or (800) 863-7515.

In addition to the alphabetical index at the back of this directory, the Table of Contents lists practitioners/providers by specialty.

By logging on to the Saint Mary's website at **www.saintmaryshealthplans.com** you can obtain the most up-to-date information on your medical insurance and the practitioners/providers on the plan. This website also describes many of the health and wellness programs available to HealthFirst members.

EMERGENCY CARE

A medical emergency is the sudden, serious and unexpected onset of an acute illness or accident that is: (1) an immediate life or death condition; or (2) an illness, injury or severe pain that requires immediate medical attention, without which the person would be exposed to significant risk of serious illness, disability or death. Seek emergency services if you believe that the absence of immediate medical attention could result in:

- serious jeopardy to the health of the insured;
- serious jeopardy to the health of an unborn child;
- serious impairment of a bodily function; or
- serious dysfunction of any bodily organ or part

Bleeding, chest pain, poisonings, loss of consciousness or shortness of breath are examples of "medical emergencies." If you find yourself in an emergency situation, immediately call 911 or go to the nearest emergency room.

Saint Mary's Health Plans members can obtain needed emergency care services to screen and stabilize without prior authorization.

Saint Mary's Regional Medical Center	235 West Sixth Street	Reno	89503	775-770-3188

URGENT CARE

Urgent care centers are available for unforeseen injury or illness and when prompt care is needed to prevent serious deterioration of a member's health. If your Primary Care Physician (PCP) is unavailable or it is after hours, use the urgent care clinics.

Lacerations, colds, flu, and earaches are examples of when to seek services at an urgent care center. Urgent care centers are available at the following locations:

PLEASE CALL TO CONFIRM HOURS

PRIMARY CARE PHYSICIANS

Choosing a Primary Care Physician (PCP) or Primary Care Clinic

When enrolling in HealthFirst, you and each covered family member must choose a Saint Mary's Primary Care Physician (PCP). Your chosen PCP will then provide or coordinate all of your medical care. HealthFirst encourages you to develop a close patient physician relationship with your PCP. The coordination of your health care is a joint effort between you and your PCP.

Your PCP can be a General Practice, Family Practice, Internal Medicine or Pediatric Physician. If you know the PCP you would like to select, please verify that this physician is a participating HealthFirst practitioner accepting new patients. If you or your covered family members are already established with a PCP who is not accepting new patients you may still select that physician as your PCP with their approval. All providers/practitioners are referenced alphabetically by last name in the index of this directory.

Choosing a Secondary PCP

Female members may select an OB/GYN from this directory as a Secondary PCP for annual exams and female related health issues without a referral from your Primary PCP. Female members are encouraged to see their OB/GYN doctor annually for a well-woman exam. The nature of this exam may vary based upon the woman's age, family, and medical history.

Getting Established with Your PCP

Establishing a relationship with your chosen PCP prior to an illness will help assure that you can access care in a timely manner when needed. Please call the office of your chosen PCP as soon as possible to make an appointment to establish yourself as a patient and to get answers to any questions you may have about your physician, office hours, after hours care, and prescription refill information.

Changing Your Primary or Secondary PCP

If for any reason you wish to change your PCP contact our Member Services Department at
775-770-6060. Please remember the following guidelines:

- **To receive the best quality of care and to avoid any gaps in your treatment, we recommend that you do not change your PCP during a course of treatment or while you are pregnant or hospitalized.**
- **If your PCP retires or leaves the HealthFirst network, we will notify you in writing and give you the opportunity to choose a new PCP.**

If you need help choosing a Primary Care Physician, please call HealthFirst Member Services, Monday through Friday, 8:00 a.m. to 5:00 p.m. at (775) 770-6060 or (800) 863-7515.

SPECIALTY CARE

Specialty Care

HealthFirst strives to provide our members with the best and most complete health care available including a comprehensive list of contracted specialists (cardiologists, dermatologists, podiatrists, etc.). If you and your physician feel that you will benefit from the services of a specialist, please work with your PCP's office for a referral to an appropriate practitioner/provider.

HealthFirst Hospitals

Saint Mary's Regional Medical Center is your contracted hospital and outpatient facility. All hospital admissions and outpatient services require prior authorization from your PCP and Saint Mary's HealthFirst. When an emergency admission is necessary, HealthFirst must be notified within 48 hours of admission. Refer to this directory for the listing of the contracted HealthFirst Hospitals and outpatient facilities.

Mental Health/ Substance Abuse Services

A broad range of psychiatrists, psychologists, and therapists specializing in different areas of mental health/substance abuse services are available to HealthFirst members. The first visit to a contracted mental health practitioner/provider does not require prior authorization. All additional visits require a referral from your mental health practitioner/provider.

Mental health/substance abuse services must be authorized through Magellan Health Services by calling (800) 424-2572. There is a 24 hour crisis team available 7 days a week, which can be accessed by calling the above number. Any services rendered that have not received prior authorization may result in denial of payment.

Remember

All services must be provided or arranged by a Saint Mary's HealthFirst participating practitioner/provider except in the case of an emergency. In the case of a life threatening emergency, necessary medical treatment should be provided to the member. Services that are received without authorization, or are rendered by a practitioner/provider, who is not under contract with HealthFirst, are not covered benefits and payment will be the member's responsibility.

Centers of Excellence Program

A Center of Excellence (COE) is a health care facility or provider that meets Saint Mary's Health Plans' (SMHP) high standards for quality and value. The facilities and providers that are selected to participate in this program provide our members who have certain specific conditions with care at some of the highest quality facilities in the region. SMHP members not only benefit from the high-quality of care received at these facilities, but may be eligible for travel benefits to use during their course of treatment.

The Centers of Excellence program features health care facilities which create health care value by demonstrating positive patient outcomes, cost-efficient health care delivery and compliance with rigorous quality control metrics.

About SMHP Centers of Excellence

- Members are required to use Centers of Excellence facilities associated with specific medical conditions or surgical procedures, unless the use of a non-COE facility has been prior authorized by SMHP's Medical Management department.
- Travel benefits of up to $3,000 per treatment may be available when using a COE facility.
- Use of a non-COE facility for designated conditions will result in benefits being paid at the out-of-network level and a much higher member expense, unless the use of a non-COE facility has been prior authorized by SMHP's Medical Management department.
- Standard prior authorization requirements still apply.

Centers of Excellence Medical Categories

Bariatric Surgery – COE participating Bariatric surgery facilities meet SMHP quality measures of clinical performance, access and efficiency for Bariatric surgery. The chosen facilities for Bariatric surgery (weight loss surgery) have consistently shown excellent outcomes, lower complication rates and lower mortality rates. SMHP promotes a continuum of care with these facilities which promote the pre-surgical work required of members who receive Bariatric surgery. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno).*

– continued on reverse –

SMHP Centers of Excellence Program

(continued)

Complex Cardiac Care – COE participating complex cardiac care facilities meet SMHP quality measures of clinical performance, access and efficiency for cardiac care, and include comprehensive heart and vascular treatment for both inpatient and outpatient procedures. An SMHP Nurse Case Manager works with the member, the member's physician and the COE to promote the continuum of care and enhance the patient experience. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno), University of Utah Medical Center (Salt Lake City).*

Complex Cancer Care – COE participating complex and rare cancer facilities meet SMHP quality measures of clinical performance, access and efficiency for cancer care. These cancer centers can provide both inpatient and outpatient procedures. An SMHP Nurse Case Manager will work with the member and the member's physician to ensure the member is being treated by specialists and at a facility that are both experienced with the member-diagnosed form of cancer. *Participating SMHP Centers of Excellence include: Huntsman Cancer Institute (Salt Lake City), University of Utah Medical Center (Salt Lake City).*

Complex Orthopedic Conditions – COE participating complex orthopedic care facilities meet SMHP quality measures of clinical performance, access and efficiency for orthopedic care and can provide both inpatient and outpatient procedures. Additionally, by incorporating the Centers of Excellence program into member treatment for certain orthopedic conditions, a significantly reduced cost of care is passed along to the member. *Participating SMHP Centers of Excellence include: Saint Mary's Regional Medical Center (Reno), University of Utah Medical Center (Salt Lake City).*

Complex Pediatric Conditions – COE participating complex pediatric care facilities meet SMHP quality measures of clinical performance, access and efficiency for pediatric care and can provide both inpatient and outpatient procedures. Pediatric Care may include complex cancer, complex surgical procedures and orthopedic procedures. The Centers of Excellence program can help direct necessary child health care to a facility that specializes in certain conditions at an age appropriate level. *Participating SMHP Centers of Excellence include: Intermountain Healthcare – Primary Children's Medical Center (Salt Lake City on the University of Utah Medical Center campus).*

Organ or Tissue Transplants – Transplant Hospitals that have met extensive quality, as well as cost-effectiveness criteria have been selected by Saint Mary's Health Plans to participate in its COE program. *Participating SMHP Centers of Excellence include: National Tethys Transplant Network, which includes the University of Utah Medical Center (Salt Lake City).*

Convenience Care

Convenient Care Centers are available to treat minor illnesses and injuries such as colds, earaches and minor cuts and scrapes. Additional services offered are vaccinations (flu, pneumonia, tetanus, etc.) and basic screening tests (cholesterol, pregnancy, blood pressure, etc.).
Although services available are not as comprehensive as an urgent care center, convenient care services are offered for times when your Primary Care Physician (PCP) is unavailable. The co-pay will be the same as for urgent care.
